Introduction

Today's Tribe Time will be a final (other than the assembly on Wednesday) installment of the Tribe Time games. We wanted to recap the habits for high effective teams, so we have another contest on Canvas. You have the **FIRST 15 minutes** of Tribe Time to complete the quiz. The winning class gets donuts during the second half of Tribe Time. You should spend the rest of the time playing whichever game you class has enjoyed most this year. These are found in the community section on the website.

Again, the quiz is only open the first 15 minutes of class. Good luck!
